BRYANT STREET TURN LANES
This document depicts the area in the vicinity of the proposed improvements to M-32 in Alpena County. The actual area subject to any M-32 work may be less than or greater than the area shown on this document. Prior to the commencement of any engineering or construction on the property or the performance of any work on the property described in this document, the owner of the property must receive written authorization to proceed from the Michigan Department of Transportation. The issuance of this authorization will require the submission of certain documents, specifications, and drawings prepared and sealed by a professional engineer registered in the State of Michigan. The authorization will also require the securing of all necessary permits.
